CONSENT FORM to Counseling

THERAPIST-CLIENT SERVICE AGREEMENT

Welcome to my practice. This document contains important information about my professional services and business policies. It also contains summary information about the Health Insurance Portability and Accountability Act (HIPAA), a federal law that provides privacy protections and patient rights about the use and disclosure of your Protected Health Information (PHI) for the purposes of treatment, payment, and health care operations. Although these documents are long and sometimes complex, it is very important that you understand them. When you sign this document, it will also represent an agreement between us. We can discuss any questions you have when you sign them or at any time in the future.

COUNSELING SERVICES

Therapy is a relationship between people that works in part because of clearly defined rights and responsibilities held by each person. As a client in psychotherapy, you have certain rights and responsibilities that are important for you to understand. There are also legal limitations to those rights that you should be aware of. I, as your therapist, have corresponding responsibilities to you. These rights and responsibilities are described in the following sections.

Psychotherapy has both benefits and risks. Risks may include experiencing uncomfortable feelings, such as sadness, guilt, anxiety, anger, frustration, loneliness and helplessness, because the process of psychotherapy often requires discussing the unpleasant aspects of your life. However, psychotherapy has been shown to have benefits for individuals who undertake it. Therapy often leads to a significant reduction in feelings of distress, increased satisfaction in interpersonal relationships, greater personal awareness and insight, increased skills for managing stress and resolutions to specific problems. But, there are no guarantees about what will happen. Psychotherapy requires a very active effort on your part. In order to be most successful, you will have to work on things we discuss outside of sessions.

The first 1 or 2 sessions will involve an Intake Assessment and screening, in order to conduct a comprehensive evaluation of your needs. By the end of the evaluation, I will be able to offer you some initial impressions of what our work might include. At that point, we will discuss your treatment goals and create an initial treatment plan. You should evaluate this information and make your own assessment about whether you feel comfortable working with me. If you have questions about my procedures, we should discuss them whenever they arise.

APPOINTMENTS

Appointments will ordinarily be 60 minutes in duration, once per week at a time we agree on, although some sessions may be more or less frequent as needed. The time scheduled for your appointment is assigned to you and you alone. If you need to cancel or reschedule a session, I ask that you provide me with 24 hours notice. If you miss a session without canceling, or cancel with less than 24 hour notice, my policy is to collect the full session fee (unless it is due to illness or emergency). If it is possible, I will try to find another time to reschedule the appointment. In addition, you are responsible for coming to your session on time; if you are late, your appointment will still need to end on time.

CONTACTING ME

I am often not immediately available by telephone. I do not answer my phone when I am with clients or otherwise unavailable. At these times, you may leave a message on my confidential voice mail and your call will be returned as soon as possible, but it may take a day or two for non-urgent matters. If, for any number of unseen reasons, you do not hear

from me or I am unable to reach you, and you feel you cannot wait for a return call or if you feel unable to keep yourself safe, 1) call 911 and ask to speak to the mental health worker on call or 2) go to your Local Hospital Emergency Room. I will make every attempt to inform you in advance of planned absences, and provide you with the name and phone number of the mental health professional covering my practice.

OTHER RIGHTS

If you are unhappy with what is happening in therapy, I hope you will talk with me so that I can respond to your concerns. Such comments will be taken seriously and handled with care and respect. You may also request that I refer you to another therapist and are free to end therapy at any time. You have the right to considerate, safe and respectful care, without discrimination as to race, ethnicity, color, gender, sexual orientation, age, religion, national origin, or source of payment. You have the right to ask questions about any aspects of therapy and about my specific training and experience.
